

## **LIST OF TABLES**

---

5.1	Distribution of households according to family Size	52
5.2	Distribution of households according to their Caste	52
5.3	Distribution of households according to their Income and Expenditure	53
5.4	Distribution of households according to their Loan Amount	53
5.5	Distribution of households according to their Standard of Living	54
5.6	Sources wise Distribution of Income of all the Households	55
5.7	Distribution of total Expenditure of all the Households	56
5.8	Distribution of Households by Caste and Standard of Living	57
5.9	Distribution of Households According to their Standard of living and Income level.	58
5.10	Distribution of households by education level and standard of living	59
5.11	Size of family and level of standard of living wise distribution of households	60
5.12	Distribution of households according to size of land (acres) and standard of living	61

5.13	Distribution of households according to house type and standard of living	62
5.14	Distribution of households according to size of house and standard of living	63
5.15	Distribution of households according to Occupation and Standard of Living	64
5.16	WLS Estimates of Linear Probability Model	66
