

ACKNOWLEDGEMENTS

I am thankful of my supervisor Dr. Manoj K. Vidhyalankar for his meticulous supervision and for offering me generous upbringing to deal with the topic of research in my own style. He always blessed me with his creative ideas without which it would have been impossible for me to complete this work. I document my sincere appreciation for his unvarying encouragement and creative initiatives in the process of my improvement.

I extend my thanks to Dr. Bir Singh Yadav who equipped me with philosophic tools to analyse any text in an unconventional way. I am thankful to my HoD Dr. Sanjiv Kumar, and other faculty members of the department Mr. Sudeep Kumar and Ms. Rinu Yadav who taught me throughout the course and helped me in completing my dissertation. I am also grateful to The Central Library of Central University of Haryana for its kind support.

It gives me immense pleasure to express my regards to my loving grandmother (Smt. Shanti Devi), parents (Sh. Bijendrer Singh and Smt. Sarita Devi), and my siblings (Manju, Chetan and Ashish) without whose support I could not have been able to realize my dream of conducting research.

I am also thankful to Hemant, Surender, Uma, Neha, Jerene Sarah George, and many more friends of mine for their support and encouragement. I convey my sincere thanks to all who contributed and helped me while carrying out the research work. Last but not the least; I am extremely grateful to Hermann Hesse and Yann Martel for writing such wonderful novels.
