

ACKNOWLEDGEMENTS

This research has been in the writing for more than thousand days and one of the good things on finishing it is to take the opportunity to express gratitude to all those who have helped me in this journey.

First, I thank my God for answering all my prayers throughout and always.

It gives me immense pleasure to express a deep sense of gratitude towards my supervisor, Dr. Bir Singh Yadav, Associate Professor, Department of English and Foreign Languages, Central University of Haryana for his sound advice, critical approach and moral support without which this research would not have been possible.

I am deeply indebted to Dr. Sanjiv Kumar, Associate Professor and Head, Department of English and Foreign Languages, Central University of Haryana. Sir has been a big support throughout the research and without his assistance and guidance this thesis would not have become a reality.

I would also like to thank my teachers Prof. H.S. Chandalia and Prof. Anu Shukla for their constant support and encouragement.

I thank the library staff of Sahitya Akademi and Ramanujan College for helping me find resources for my research.

To Dr. Nirmalya Samanta, I owe the discussions, debates, car chats, and pep talks that not only kept me going but helped me phrase my work better.

I am immensely grateful to the principal of my college, Dr. S.P. Aggarwal for his support and giving me all the time to finish the work at my leisure.

I also thank my colleague-cum-friend, Dr. Madhu Kaushik for helping me with Hindi translations. I would like to acknowledge with gratitude, the support of my dear friends Anuj Kushwaha, Dr. Sumit Nagpal, Manisha Jha, Rekha Kumari, Anushka Nagpal and Piyush. They gave me the liberty to take their presence for granted.

A debt of gratitude is also due to Latha ma'am and Poonam maasi who continue to be inspirations for me.

A special mention goes to my parents and brother who stood by me and encouraged me whenever I faltered. Mummy and Papa have always been the source of my strength. I thank my brother Manan who has contributed to this work in his own humorous but insightful manner. They are the three without whom I could not have done anything.

I would like to include a special note of thanks for my husband Nikhil. He is the one who strengthened my vision, boosted my confidence and believed in me. I thank him from the core of my heart for helping me with the completion of this research and being a true friend to me.
