

## LIST OF TABLES

Table 4.1	Total income from farm cultivation according to size of holdings	63
Table 4.2	Average per capita farm income of cultivators according to size of holdings	63
Table 4.3	Average per adult male unit farm income of cultivators according to size of holdings	64
Table 4.4	Growth rate of per household's average farm income according to size of holdings	65
Table 4.5	Total income of milk production of all families according to size of holdings	66
Table 4.6	Average per household's income of milk production according to size of holdings	66
Table 4.7	Per capita average income from milk production according to size of holdings	67
Table 4.8	Average per adult male unit income of milk production according to size of holdings	68
Table 4.9	Total income of capital investment according to size of holdings	69
Table 4.10	Average per households income of capital investment according to size of holdings	69
Table 4.11	Average per capita income of capital investment according to size of holdings	70
Table 4.12	Average per adult male unit income of capital investment according to size of holdings	71
Table 4.13	Total income of miscellaneous sources according to size of holdings	72
Table 4.14	Average per households income of miscellaneous sources according to size of holdings	72
Table 4.15	Average per capita income of miscellaneous sources according to size of holdings	73

Table 4.16	Average per adult male unit income of miscellaneous sources according to size of holdings	74
Table 4.17	Total income of all sources according to size of holdings	75
Table 4.18	Average per households income of cultivators of all sources according to size of holdings	75
Table 4.19	Average per capita income of cultivators of all sources according to size of holdings	76
Table 4.20	Average income per adult male unit of cultivators of all sources according to size of holdings	77
Table 4.21	Total expenditure on food items of all families according to size of holdings (Hectares)	78
Table 4.22	Per households expenditure on food items of all families according to size of holdings (Hectares)	79
Table 4.23	Per capita expenditure on food items of all families according to size of holdings (Hectares)	80
Table 4.24	Expenditure per adult mail units on food items of all families according to size of holdings (Hectares)	80
Table 4.25	Total expenditure on Non-food items of all families according to size of holdings (Hectares)	82
Table 4.26	Expenditure per households on non-food items of all families according to size of holdings (Hectares)	82
Table 4.27	Per capita expenditure on non-food items of all families according to size of holdings (Hectares)	83
Table 4.28	Per adult male units expenditure on non-food items of all families according to size of holdings (Hectares)	84
Table 4.29	Total farm expenditure of all families according to size of holdings (Hectares)	84
Table 4.30	Per households expenditure of all families according to size of holdings (Hectares)	85

Table 4.31	Per capita expenditure of all families according to size of holdings (Hectares)	86
Table 4.32	Per capita expenditure of all families according to size of holdings (Hectares)	86
Table 5.1	Trend growth rates of total income of cultivators from all income sources	90
Table 5.2	Trend growth rate of average per household income from all income sources	92
Table 5.3	Trend growth rate of average per capita income from all income sources	94
Table 5.4	Trend growth rates of average per adult male unit income from all income sources	96
Table 5.5	Trend growth rate of total income from farm cultivation (size-wise)	98
Table 5.6	Trend growth rate of average per household incomes from farm cultivation (size-wise)	100
Table 5.7	Trend growth rate of average per capita incomes from farm cultivation (size-wise)	101
Table 5.8	Trend growth rate of average per adult male unit incomes from farm cultivation	103
Table 5.9	Trend growth rate of total expenditure on food items (all families)	105
Table 5.10	Trend growth rate of per household expenditure on food items (all families)	107
Table 5.11	Trend growth rate of per capita expenditure on food items (all families)	109
Table 5.12	Trend growth rate of per adult male unit expenditure on food items (all families)	111
Table 5.13	Trend growth rate of total expenditure on non-food items (all families)	113
Table 5.14	Trend growth rate of per household expenditure on non-food items (all families)	115

Table 5.15	Trend growth rate of per capita expenditure on non-food items (all families)	117
Table 5.16	Trend growth rate of per adult male unit expenditure on non-food items (all families)	119
Table 6.1	Total income and food expenditure of households (In Lakhs) at constant price of 2011-12	125
Table 6.2	Total income and food expenditure of households (In Lakhs) at constant price of 2011-12	127
Table 6.3	Percentage share of food items of cultivators from total food expenditure	129
Table 6.4	Percentage share of non-food items of cultivators from total non-food expenditure	131
Table 6.5	Percentage share of food Expenditure and Non-food expenditure of cultivators	133
Table 6.6	Table 6.6 Percentage share of total income from all sources of cultivators (at constant price of 2011-12)	134
Table 6.7	Total income and total expenditure of households (In Lakhs) at constant price of 2011-12	136
Table 6.8	Total income and total expenditure below-2.0 hectares (In Lakhs)	137
Table 6.9	Total income and total expenditure according to size of holdings 2.0-4.0 hectares (In Lakhs)	139
Table 6.10	Relationship between total income and total expenditure according to size of holdings 4.0-7.5 hectares (In Lakhs)	141
Table 6.11	Total income and total expenditure according to size of holdings 7.5-10.0 hectares (In Lakhs)	143
Table 6.12	Total income and total expenditure according to size of holdings 10.0-above hectares (In Lakhs)	145
Table 6.13	Estimated income elasticity of demand for selected food items by cultivators	148
Table 6.14	Income elasticity of demand for selected non-food items by cultivators	149
